

ADDITION SQUARES!

Complete each addition square as follows:

1. Add the numbers in each row (going across) and write the sum.
2. Add the numbers in each column (going down) and write the sum.
3. The last sum down should equal the last sum across (bottom right)

14	41	
11	9	

15	22	
31	18	

27	41	
7	26	

38	16	
15	23
